

We are able to powdercoat in most colours as required. For convenience, we have identified the most regularly requested colours as our "Standard" colour range and you will see them listed below.

In addition, we have a "Supplementary" colour range which includes the more popular of the balance of the colours that are available and they are also listed below. Requests for colours that are not from our standard range will generally attract a small surcharge except for the designer letterbox range.

The following styles can have different coloured base and roof or can be entirely in one colour:

*Scroll Top  
Royale*

*Flip Top  
Villa*

*Low Cost Traditional  
Curve Top*

The base for these models is generally in cream or white, but can be in any colour.

The following styles can only be supplied in a single colour:

*Combo*

*Low Cost Flat Top*

*Southern Flat Top*

*Colville*
